Supply Network Limited Corporate Governance Statement

The Board promotes a corporate governance framework that achieves the objectives of the business and discharges all responsibilities. It intends to direct the business so that it is managed in a manner consistent with the interests of shareholders, its business partners, and the wider community.

The Board supports the objectives of the guidelines set out in the Corporate Governance Principles and Recommendations (4th edition) put forward by the ASX Corporate Governance Council. However, the Board acknowledges that at present because of the relatively small size of the Company, it does not comply with a number of the recommendations.

The documents that are underlined in this Statement are available on the Company's website at <http://www.supplynetwork.com.au/governance.htm>

Below we address each of the ASX Corporate Governance Principles and Recommendations.

The information in this Statement is current as at 28 August 2023 and has been approved by the Board.

1. Lay solid foundations for management and oversight

The Board has a formal Board Charter which details:

- Its role and responsibilities and those delegated to management.
- The process for Board appointments and Director election and re-election.

The Board Charter is available on the Corporate Governance section of the Company's website.

All Directors have written Employment Agreements.

The Company Secretary's role is detailed in the Board Charter and the Company Secretary is accountable directly to the Board through the Chairman. Decisions on appointment or removal of a Company Secretary are made by the Board.

The Company has not established a Diversity Policy. The Board considers that a Diversity Policy is not necessary because of the relatively small size of the Company and because access to employment is based on skill, qualifications, performance and merit. The Company has lodged its Gender Equality Indicators report for the period with the Workplace Gender Equality Agency. The Report is available on the Corporate Governance section of the Company's website.

On a scheduled date, the Board undertakes an internal review of its performance as a unit and of the performance of its members and Committees. Board members are given the opportunity to detail, individually, issues they see as strengths and weaknesses of the Board, of its meetings, and of its members and Committees. These views are discussed by all members but the details and any related reports are not made public. For the year ended 30 June 2023 this formal review has taken place.

On a scheduled date, the Board formally reviews the performance of the Managing Director over the prior year. For the year ended 30 June 2023 this formal review has taken place. The Board requires management to conduct periodic performance reviews of all senior staff.

2. Structure the Board to be effective and add value

The Board does not have a formal Nomination Committee, it does not consider a formal Committee is necessary given the small size of the Board. The Board as a whole performs this function and is aware of and regularly considers succession planning.

The Company does not use a skills matrix, however when the Board seeks to fill vacancies it aims to appoint people whose skills meet the needs of the business and are complementary to each other.

The Board has reviewed the independence of each of the Directors in office at the date of this report in light of the interests disclosed by them.

One member of the Board, Mr P Gill is considered to be independent. Mr Gill retired from his executive role of Finance Director in October 2018 and as he has not held an executive role in the last three years.

Mr G Forsyth, is considered not to be independent because he is Director of Hergfor Enterprises Pty Limited, which is a substantial shareholder in the Company.

Mr P McKenzie, is considered not to be independent because he is a trustee and member of PW & LJ McKenzie Superannuation Fund, which is a substantial shareholder in the Company.

Mr G Stewart (Managing Director) is considered not to be independent because he is an executive of the Company

Full details of the Directors' backgrounds, expertise and length of service are set out in the Directors' Report in the Annual Report.

The Board believes its present composition addresses the needs of the Company. However, the Board acknowledges the ASX recommendation that a majority of Directors be independent and will consider this in the context of any future appointments.

The roles of the Chairman and Chief Executive Officer are not held by the same person.

The Company does not have a formal Director induction or professional development programme. However, the Company would provide appropriate induction for new Directors as well as appropriate opportunities for professional development to maintain the skills and knowledge of a Director as and when required.

3. Instill a culture of acting lawfully, ethically and responsibly

The Company has a statement of Organisational Values and has adopted a:

- Code of Conduct
- Whistleblowing policy
- Anti-bribery and corruption policy

Material breaches of the Code of Conduct, Whistleblowing policy or Anti-bribery and corruption policy are required to be reported to the Board.

The statement of Organisational Values, Code of Conduct, Whistleblowing policy and Anti-bribery and corruption policy are available on the Corporate Governance section of the Company's website.

4. Safeguard integrity of corporate reports

The Company believes it has appropriate processes in place to verify the integrity of its corporate reports.

The Board has established an Audit Committee.

The Chairman of the Audit Committee (Mr P Gill), is an independent Director.

The Audit Committee comprises all three of the Company's Non-Executive Directors (Messrs G Forsyth, P Gill and P McKenzie).

The Board acknowledges the ASX recommendations regarding the composition of the Audit Committee. However, with the present structure of the Board, the composition of the Audit Committee is considered to be appropriate.

The [Audit Committee Charter](#) is available on the Corporate Governance section of the Company's website.

Details on the number of meetings held and members' qualifications and their attendances are found in the Directors' Report in the [Annual Report](#).

The Company ensures that a representative of the external auditor attends the Company's AGM and is available to answer relevant questions.

The Company practices high standards of financial reporting, with relevant controls in place.

Before it approves the financial statements, the Board receives from the Managing Director and the Chief Financial Officer a statement in writing that:

- The declarations provided in accordance with section 295A of the Corporations Act 2001 are founded on a sound system of risk management and internal compliance and control that implements the policies adopted by the Board.
- The Company's risk management and internal compliance and control system is operating efficiently and effectively in all material respects in relation to financial reporting risks and material business risks.

The Board received these declarations for the year ended 30 June 2023.

The Board approves all ASX announcements and has a diligent approach to reviewing and verifying the information prior to release. This ensures the integrity and accuracy of any periodic corporate report and other announcements.

5. Make timely and balanced disclosure

The Company, because of its relatively small size, does not have written policies and procedures concerning continuous disclosure.

The Board is sensitive to the requirements of an informed market and seeks to keep its shareholders informed through:

- Reports to the ASX
- Half and full-year profit announcements
- Annual Reports
- The Company's website
- Continuous disclosure to the ASX pursuant to the Listing Rules.

The Board approves all ASX announcements and has a diligent approach to satisfy its obligations to make timely and balanced disclosures.

Generally, the Company does not give investor or analyst presentations, however if a presentation is planned a copy of the presentation materials will be released prior to commencement of the presentation.

6. Respect the rights of security holders

The Board recognises its responsibility to provide shareholders with appropriate information and facilities to allow them to exercise their rights as security holders effectively. Accordingly, all ASX announcements are promptly made available on the Company's website in the Shareholder Information section.

The Company's website provides an overview of the Company's business and its governance.

The following documents are available in the Corporate Governance section of the Company's website:

- [Board Charter](#)
- [Audit Committee Charter](#)
- [Remuneration Committee Charter](#)
- [Company Constitution](#)
- [Organisational Values](#)
- [Code of Conduct](#)
- [Whistleblowing Policy](#)
- [Anti-bribery and Corruption Policy](#)
- [Share Trading Policy](#)
- [Privacy Policy](#)

The Board does not believe that the present size of the Company warrants a formal investor relations programme. However, effective two-way communication with investors is achieved through continuous disclosure to the ASX and statutory reporting requirements.

Shareholders are encouraged to participate at general meetings of the Company and the Directors are also available to speak with shareholders at these meetings.

All resolutions put to a general meeting are decided by way of poll rather than a show of hands.

Shareholders are able and encouraged to receive communications from, and send communications to, the Company via electronic means.

7. Recognise and manage risk

The Board has not established a separate Risk Committee because the full Board oversees the Company's risk management framework.

The Board considers and annually reviews the Company's risk framework using a risk matrix which addresses the likelihood and severity of risks as well as risk mitigation and contingency planning. Senior management is involved in drafting the risk matrix.

For the year ended 30 June 2023 this formal review has taken place.

While there is no formalised internal compliance and control system policy, the relatively small size of the Company means there is close interaction between the Board, senior management and staff, and risk is minimised through staff training and monitoring at all levels. Where circumstances dictate, matters are brought to the attention of the Board earlier than at scheduled meetings. For these reasons, the Company does not have an internal audit function.

No material exposure to environmental or social risks has been identified.

8. Remunerate fairly and responsibly

The Board has established a Remuneration Committee. The Remuneration Committee monitors industry remuneration practices and makes recommendations to the Board so that it can set appropriate remuneration levels for employees.

The Chairman of the Remuneration Committee (Mr P McKenzie) is not an independent Director

The Remuneration Committee comprises all three of the Company's Non-Executive Directors (Messrs G Forsyth , P Gill and P McKenzie).

The [Remuneration Committee Charter](#) is available on the Company's website.

The Remuneration Committee is structured in this manner because the Board does not believe it is appropriate for the Committee to include Executive Directors, or for the Board and its two Committees all to be chaired by the same person.

Information on the number of meetings held and members' qualifications and their attendances is detailed in the Annual Report.

Board members are remunerated by reference to industry standards.

Non-Executive Directors are paid an annual fee with no provision for retirement benefits.

Executives receive an annual base salary package and may also receive an annual performance bonus and a long-term performance bonus. Any performance bonus payable to an executive is determined by the Board having regard to the performance of both the Company and the executive for the relevant year(s), based on qualitative and/or quantitative factors, which are agreed at the beginning of the year(s).

The Company has an equity-based Employee Incentive Plan (EIP) "Supply Network Limited Employee Incentive Plan" which was approved at the 2020 Annual General Meeting. The Company's Share Trading Policy specifically prohibits participants in the plan from entering into any scheme or arrangement which limits the economic risk of entitlements under the EIP. The Share Trading Policy is available in the Corporate Governance section of the Company's website.

Please also refer to the Remuneration Report contained in the 2023 Annual Report.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.
